OF FOREIGN MINISTERS OF OIC MEMBER STATES
UN HEADQUARTERS - NEW YORK, 27 SEPTEMBER 2013**

- I. On 25 September 2013, the OIC Six-Member Committee on Palestine met at the United Nations Headquarters under the chairmanship of His Excellency Prof. Ekmeleddin Ihsanoglu, Secretary-General of the Organisation of Islamic Cooperation.

- II. The meeting was attended by Their Excellencies the Foreign Ministers of the following Member States of the Committee:
 - Islamic Republic of Pakistan
 - Republic of Senegal
 - Republic of Guinea
 - State of Palestine
 - MalaysiaWith the Arab Republic of Egypt in attendance

- III. The Secretary-General opened the meeting with a statement affirming the OIC's unwavering position on the cause of Palestine and Al-Quds Al-Sharif, and called for concerted efforts to put an end to the Israeli occupation of Palestinian land, to assist the Palestinian people to gain their rights of return, freedom, and the realization of a sovereign independent Palestinian state, with East Jerusalem as its capital. He also welcomed the resolution of the United Nations General Assembly to admit Palestine as an observer state at the UN.

- IV.** The Palestinian Minister of Foreign Affairs delivered a statement providing an exhaustive account on the situation in the Palestinian territories and the escalation of the Israeli aggression against the Palestinian people. His statement also contained an account of the grave situation in the Palestinian territories, particularly in East Jerusalem, as a result of the on-going settlement activities and the illegal Israeli measures and practices aimed at Judaizing the Holy City. He also provided a briefing on the latest developments concerning the peace process.
- V.** The committee members delivered statements affirming their States' support for the Palestinian rights and the unwavering Palestinian position. They demanded that the international community assume responsibility to compel Israel to end its violations of international law and aggressions against the Palestinian people. They also demanded that pressure be brought to bear on Israel to end all settlement activities and violations in the city of Al Quds and all occupied Palestinian territories.
- VI.** The Committee submitted the following recommendations to the Coordination Meeting of the Foreign Ministers of the OIC Member States:
1. The meeting **confirmed** all the resolutions on the question of Palestine, Al Quds and the Arab-Israeli conflict adopted by the Islamic conferences.
 2. The meeting **reaffirmed** the centrality of the cause of Al-Quds Al-Sharif for the Islamic Ummah, and the need to preserve its Arab-Islamic character and to defend the inviolability of the sacred Islamic and Christian sites. It **reiterated** its condemnation of the Israeli illegal and illegitimate measures aimed at altering the city's status, demographic structure and Arab-Islamic character, particularly through illegal colonial practices, including the settlement activities and the construction of the Apartheid wall within and around the city in order to isolate it from its Palestinian environment.
 3. The meeting **reiterated** its principled support for the Palestinian people's right to national independence and the exercise of their sovereignty within their Palestinian State with Al-Quds Al-Sharif as its capital. It welcomed the upgrading of Palestine's status to a non-member state at the United Nations.
 4. It **reaffirmed** once again the rights of Palestinian refugees under the international law and pursuant to UN General Assembly Resolution 194 (III) adopted on 11 December 1948.

5. The meeting **affirmed** the illegality of the Israeli measures in occupied East Jerusalem aimed at annexing and judaizing it as well as altering its demographic and geographic character. The meeting **warned** against the dangerous excavation works carried out by Israel underneath the blessed Mosque of Al Aqsa. It **demanded** the international community, particularly the UN Security Council and UNESCO, to assume their responsibilities in compelling Israel to respect international law and to cease its illegal and illegitimate practices in occupied East Jerusalem.
6. The meeting also **strongly condemned** Israel's illegal settlement policy and practices inside the Palestinian territories and the construction of the expansionist wall that has caused the confiscation of Palestinians' land and properties and the isolation of scores of Palestinian villages, towns and cities.
7. The meeting **called upon** the international community to shoulder its responsibility in putting pressure on Israel to lift the blockade and end the closure of the Gaza Strip, and to remove the roadblocks that tear apart the Palestinian territories of the West Bank and obstruct the movement of Palestinian citizens.
8. The meeting **condemned** Israel's defiance of the advisory opinion of the International Court of Justice issued on 9 July 2004 and its non-compliance with the UN General Assembly Resolution ES-15/10 of 20 July 2004, as well as its persistence in constructing the wall in the Palestinian occupied territories, within and around East Jerusalem. Therefore, the meeting **renewed** its call for the respect of the advisory opinion of the International Court of Justice and the implementation of Resolution ES-15/10, and **called upon** all States to impose punitive sanctions on the entities and companies contributing to the construction of the wall.
9. The meeting **welcomed** the decision of the European Union to exclude the Israeli settlements from any future agreement with any of the EU states and not to finance, cooperate with or provide any study or research grants to any Israeli individual or body in the settlements built on Arab and Palestinian land occupied since 1967. It **called upon** the world's States to take the necessary measures to ban any products of Israeli settlements from entering their markets in fulfilment of the obligations contained in international treaties, to prevent Israeli settlers from entering their territories, and to impose sanctions on companies and bodies contributing to the construction of the wall and to the other illegal Israeli acts in the occupied Palestinian territory.

10. The meeting **stressed** the need to implement the relevant international resolutions on Palestine and to abide by the principles and resolutions of the international law, including the law on the protection of human beings, particularly the provisions of the Geneva Convention on the Protection of Civilian Persons in Time of War adopted on 12 August 1949.
11. The meeting **reaffirmed** its support for comprehensive peace based on the relevant United Nations resolutions, including UN Security Council Resolutions 242 (1967), 338 (1973), 1397 (2002) and 1515 (2003), the Arab peace initiative, as well as the agreed principles which call upon Israel to withdraw fully from the Palestinian occupied territories, including East Jerusalem and the Arab territories occupied since 1967.
12. The meeting welcomed the efforts of the American administration on the resumption of peace negotiations and called **upon** the international community and the Quartet to exert the necessary efforts to compel Israel to desist from unilateral measures, including settlement building, which could undermine the peace process. The meeting **expressed** its categorical rejection of the positions and measures that contradict the rules of international legitimacy and the terms of reference of the peace process. It **demande**d all States and international organisations not to recognize or deal with any assurances or promises undermining the legitimate rights of the Palestinian people.
13. The meeting **expressed** grave concern at the tragic conditions of the Palestinian and Arab detainees in Israeli prisons and detention centres. It **demande**d the international community, represented by the international humanitarian and human rights organisations to expose Israel's inhumane practices in its prisons and to exert pressure on Israel to release all prisoners detained in its prisons.
14. The meeting **affirmed** the continued unwavering responsibility of the United Nations toward the cause of Palestine until a just and comprehensive solution is reached that guarantees ending the Israeli occupation and enabling the Palestinian people to exercise their inalienable national rights, including their right to return, to self-determination, and to realize the sovereignty of their independent State on their national soil with East Jerusalem as its capital.

15. The meeting **emphasized** the need to continue to ensure that the Israeli credentials presented to the United Nations do not include the territories occupied by Israel since 1967, including East Jerusalem.
16. The meeting **renewed** its demand to States and international institutions and bodies to abide by the international resolutions on East Jerusalem as an integral part of the Palestinian and Arab territories occupied in 1967; and also **called on** them not to participate at any meeting or activity that serves Israel's objectives of consolidating its occupation and annexing the Holy City.
17. The meeting **condemned** Israel's attempt to falsify the history of Jerusalem by implanting fake Jewish graves, making artificial changes to the walls of Jerusalem, and changing the names of streets under its occupation. The meeting **requested** the international community not to give in to the Israeli attempts aimed at forging the geography of the occupied areas in flagrant violation of international law.
18. The meeting **affirmed** the need to implement the UN Security Council Resolution 237 on the return of the displaced Palestinians, and UN General Assembly Resolution 194 on the return of the Palestinian refugees to their homes and properties as two fundamental foundations of a just and comprehensive settlement.
19. The meeting **affirmed** the continued responsibility of the United Nations Relief and Work Agency for Palestine Refugees in the Near East (UNRWA) in performing its duties toward all Palestinian refugees, by virtue of the relevant UN General Assembly resolution. It **called on** the Member States of the OIC to support the UNRWA in order to enable it to continue to render its services to the Palestinian refugees.
20. The meeting **renewed** its demand to the Member States to abide by the resolutions adopted by the Islamic Summit Conferences and the Islamic Conferences of Foreign Ministers on the cause of Palestine and the Arab-Israeli conflict while voting at the United Nations and in international fora.

21. The meeting **decided** to mandate the Secretary-General to take the necessary measures to intensify contacts and coordination on the cause of Palestine and the Arab Israeli conflict between the OIC, the League of Arab States, the African Union, the Non-Aligned Movement, the European Union and the United Nations and its specialized agencies; and **expressed** appreciation for these institutions' positions of solidarity and their support for the just struggle of the Palestinian people.
