EXPLANATORY MEMORANDUM OF THE STATUTE ON THE ESTABLISHMENT OF THE OIC WOMEN DEVELOPEMENT ORGANIZATION

I - Brief Background

1. The 2nd Women Conference of the OIC held in Cairo from 24 -25 November 2008 welcomed the Egyptian proposal to establish a new organization to be concerned with women affairs under the Organization of the Islamic Conference whose headquarters shall be in Cairo. The 32nd Session of the Islamic Commission for Economic Cultural and Social Affairs held in Jeddah from 4 – 6 April 2009 approved the Egyptian proposal to establish and host the said organization and to submit a proposal in this regard to the 36th Session of the Council of Foreign Ministers scheduled to take place in Damascus in may 2009 and thereafter practically commence the establishment of this Organization on the basis of the following:

- The Organization of the Islamic Conference – despite the variety of its organs and specialized, subsidiary and affiliated Organizations- lacks an entity or organization concerned with women issues and development in the OIC Member States, with closely related cultural and social circumstances, which represents a united voice for the OIC in this regard. The OIC through its successive summits and various meetings has urged that sufficient attention be given to issues of women development and advancement.¹
- The Egyptian initiative to establish and host this entity is informed by the abundance in Egypt of capacity, technical expertise and human resources concerned with issues of women development, which will make the work of this entity more feasible and adequate. Also, Egypt, despite being one of the founding states of the OIC, so far, does not host any OIC organ or functioning organization. This proposed entity will be the only OIC specialized entity to be hosted by Egypt. For this, Egypt would provide all necessary logistical and administrative capacities for its establishment.
- Egypt provides a large number of training grants for the development, training and refinement of women's expertise, as part of the grants provided by the Ministry of Foreign Affairs through the Egyptian Fund for Technical Cooperation with Africa and the Egyptian Fund for Technical Cooperation with the States of the Commonwealth. Egypt would increase these grants through the proposed organization so as to make the organization a centre of training and development of women capacities in various fields. It will also contribute to exchange of expertise and building necessary capacity so that women can play their rightful role in their societies.
